HOSTED SOLUTIONS

DocClarity to Present at RealComm2010 in Las Vegas

Cleveland, Ohio, March 1, 2010— DocClarity will present at Realcomm, in association with 80 exhibitors and an approximated 1,200 attendees. RealComm will be held June 9-10, 2010, with pre-conference events commencing June 8, 2010, at the Las Vegas Hilton, in alliance with InfoComm 2010--featuring 900 exhibitors and 32,000 attendees--at the Las Vegas Convention Center. DocClarity's President, Tom Frisina, will discuss the benefits of content management delivered to the commercial real estate industry, upon implementation of the DocClarity hosted solution, SmartCabinet®.

DocClarity is continuously attending and hosting exciting events and seminars in a variety of industries. For more detailed information, please contact (440) 582-9720.

About Realcomm

Realcomm Conference Group, LLC is the leading research and educational company focused on the topic of technology, automated business solutions, energy efficiency and intelligent buildings for executives in commercial and corporate real estate. Realcomm was founded in 1999 with the goal of bringing industry leaders together each year at its annual conference and exposition to discuss, demonstrate and debate the latest innovations impacting the industry. Today, in addition to the annual conference, Realcomm conducts seminars, webinars, workshops and other strategic services to educate industry professionals about the latest business solutions and technologies to improve commercial real estate development, leasing, management, and operations.
